

- 12.00-12.30 Martignon, L. & Stenning, K. (Ludwigsburg, Gießen)
The ecological rationality of qualitative causal reasoning
- 12.30-14.00 Lunch
- 14.00-15.30 Keynote Talk – Jean-François Bonnefon (CNRS Toulouse, France)
Reasoning about decisions
- 15.30-16.00 Coffee Break
- 16.00-16.30 Varga, A. (Gießen)
Abnormality - how the oddball helps to reason well
- 16.30-17.00 Ragni, M., & Kuhnmüch, G. (Freiburg)
Non-monotonic Logic and Human Inferences: A Comparison
- 17.00-17.30 Mayrhofer, R., & Waldmann, M. (Göttingen)
Agents, causes, and forces: Dissociating different notions of causality
- 18.00-20.00 Dinner – Informal conversations

Wednesday (12.3.2014)

- 08.00 Breakfast
- 09.00-10.30 Working Groups
- 10.30-11.00 Coffee Break
- 11.00-12.00 Concluding Discussion and Future Plans
- 12.00 Lunch

Departure

Program

Third Conference of the
Priority Program

“New Frameworks of
Rationality”

(SPP 1516)

9.3.-12.3.2014

Schloss Etelsen
near Bremen

Sunday (9.3.2014)

19.00 Welcome Dinner

Monday (10.3.2014)

08.00 Breakfast

09.00-09.30 Opening of the conference – Markus Knauff

09.30-10.00 Nelson, J., Meder, B., & Martignon, L., Crupi, V., & Tentori, T. (Berlin, Ludwigsburg, Munich, Turin, Trento)
Entropy, confirmation, and information

10.00-10.30 Spohn, W. (Konstanz)
Dependency equilibria

10.30-11.00 Coffee Break

11.00-11.30 Sprenger, J., & Hartmann, S. (Tilburg, München)
Explanatory, Causal and Probabilistic Reasoning

11.30 -12.00 Gazzo Castañeda, L. E., & Knauff, M. (Gießen)
When “should” is not the same as “will”: The role of wording and relevance in defeasible legal reasoning

12.00 -12.30 Olsen, N., Spohn, W., & Klauer, K. C. (Konstanz, Freiburg)
On how to make ranking theory useful for Experimental Psychology

12.30 Lunch

14.00-15.30 Keynote Talk – Erik J. Olsson (University of Lund, Sweden):
Belief Polarization - is it Rational?

15.30-16.00 Coffee Break

16.00-16.30 Siebel, M., Koscholke, J., & Schippers, M. (Oldenburg)
Coherence and inconsistency

16.30-17.00 Şimşek, Ö. (Berlin)
Rationality of simple decision heuristics

17.00-17.30 Suter, R., Pachur, T., Hertwig, R., & Biele, G. (Berlin)
The neural basis of risky decision making with affective outcomes

18.00-20.00 Dinner – Informal Conversations

Tuesday (11.3.2013)

08.00 Breakfast

09.00-09.30 Thorn, P., Feldbacher, C., & Schurz, G. (Düsseldorf)
Ecological rationality and meta-induction

09.30-10.00 Kern-Isberner, G., Pfeifer, N., & Eichhorn, C. (Dortmund, München)
Experiments on uncertain conditionals and network approaches to reasoning

10.00-10.30 Jekel, M., Glöckner, A., & Bröder, A. (Göttingen, Mannheim)
Learning in dynamic probabilistic environments: A parallel-constraint satisfaction network-model approach

10.30-11.00 Coffee Break

11.00-11.30 Singmann, H., Klauer, K. C., & Beller, S. (Freiburg, Bergen)
New results on the dual-source model of probabilistic conditional reasoning

11.30-12.00 von Sydow, M., & Hebbelmann, D. (Heidelberg)
Bayes versus biases – Is there a monadic as well as dyadic Bayesian logic of predication?
