Program

Second Conference of the

Priority Program on

“*New Frameworks of Rationality*”

(SPP 1516)

4.3.-7.3.2013

At Schloss Etelsen
near Bremen

Monday (4.3.2013):

18.30: Joint Dinner

Tuesday (5.3.2013):

08.00: Breakfast

08.45-09.15: Opening of the Conference – Markus Knauff

09.15-10.00: Anne Brüggemann: *Fragen an die DFG-Geschäftsstelle*

10.00-10.30: Coffee Break

10.30-11.00: Andreas Glöckner, Marc Jekel, Arndt Bröder & Viktoriya Maydych (Bonn, Mannheim):
Approximating Rationality under Incomplete Information: Adaptive Inference Mechanisms for Missing Cue Values

11.00-11.30: Paul Thorn & Gerhard Schurz (Düsseldorf):
New Results Concerning Logico-Probabilistic Reasoning Systems

11.30 -12.00: Özgür Simsek (Berlin):
Performance of Decision Heuristics and the Structure of Environment

12.00-12.30: Renata Suter, Ralph Hertwig & Thorsten Pachur (Basel):
An integrative View on algebraic Models and Heuristics of Risky Choice

12.30: Lunch

14.00-15.30: Keynote Talk – Hans Rott (Regensburg)
What is ‘rational choice’?

15.30-16.00: Coffee Break

16.00-16.30: Ralf Mayrhofer & Michael Waldmann (Göttingen):
Transitivity in Causal Inference: A Dispositional Perspective

16.30-17.00: Gabriele Kern-Isberner & Christian Eichhorn (Dortmund):
Rational Reasoning on Conditional Structures – Logical and Implementational Aspects

17.00-17.30: Nicole Cruz, Markus Knauff (Gießen) & Marco Ragni (Freiburg):
Processes in Analytical Thinking and the Role of Response Formats

17.30-18.00 Klaus Fiedler (Heidelberg):
Anomalies in Sample-Based Comparison Judgements (Associated Project)

18.30: Dinner – Informal Conversations

Wednesday (6.3.2013):

08.00: Breakfast

09.00-09.30: Jan Sprenger & Matteo Colombo (Tilburg):
Testing Probabilistic Explanations of Explanatory Power

09.30-10.00: Henrik Singmann, Sieghard Beller & Karl. C. Klauer (Freiburg):
Conditional Reasoning: The Dual Source Model of Conditional Reasoning versus Minimizing the Kullback-Leibler Divergence.

10.00-10.30: Gregory Kuhn, Marco Ragni & Stefan Wöfl (Freiburg):
Defeasible Reasoning in Humans and formal systems

10.30-11.00: Coffee Break

11.00-11.30: Momme von Sydow (Heidelberg):
On Deviations from Norms of Inductive Reasoning in Causal Judgements

11.30-12.00: Estefania Gazzo Castaneda (Gießen), Carsten Bäcker (Kiel) & Markus Knauff (Gießen):
The Effect of Additional Information on the Use of Legal Conditionals

12.00-12.30: Vincenzo Crupi (München, Turin), Björn Meder, Jonathan Nelson (Berlin), Katya Tentori (Trento) & Laura Martignon (Ludwigsburg) :
Pathways between Bayesian Confirmation Theories and Models of Information Search

12.30-14.00: Lunch

14.00-15.30: Keynote Talk – Ulrike Hahn (London):
Are people really unrealistically optimistic?

15.30-16.00: Coffee Break

16.00-16.30: Wolfgang Spohn (Konstanz):
The Ramsey Test – and Sundry Further Ways how Conditionals Express Conditional Belief and Might Even Be True

16.30-17.00: Mark Siebel, Michael Schippers & Jakob Koscholke (Oldenburg):
Explanatory and Probabilistic Coherence

17.00-17.30: Matthias Unterhuber & Gerhard Schurz (Düsseldorf):
The New Tweety Problem: Further Psychological Evidence (Associated Project)

18.30-21.00: Dinner – Informal conversations

Thursday (7.3.2013):

08.00: Breakfast

09.00-10.30 Working Groups

10.30-11.00: Coffee Break

11.00-12.30 Concluding Discussion and Future Plans

12.30-14.00: Lunch
